

Roche Diagnostics Systems and Digital Solutions Portfolio

Research

Core lab

Pathology

Molecular

Primary care

Hospital

At-home

Blood gas and electrolytes

cobas' b 123 POC system

cobas' b 221 system

9180 Electrolyte Analyzer

Bioprocess Control

Cedex' Bio HT Analyzer

Cedex' Bio Analyzer

Cedex' HiRes Analyzer

Cardiometabolics

cobas' h 232 POC system

Accutrend' Plus system

cobas' b 101 POC system

Clinical chemistry

cobas' c 111 analyzer

Coagulation

CoaguChek' Pro II system

CoaguChek' INRange system

CoaguChek' XS system

Multiplate' analyzer

cobas' t 711 coagulation analyzer

cobas' t 511 coagulation analyzer

cobas' t 411 coagulation analyzer

Glucose

cobas' pulse system

Accu-Chek' Inform II system

Accu-Chek' Guide

Accu-Chek' Instant

Accu-Chek' Active

Accu-Chek' Solo micropump system

Immunochemistry

cobas' 8000 modular analyzer series

cobas' e 801 module

cobas' pro integrated solutions

cobas' e 801 module

cobas' 4000 analyzer series

cobas' e 411 analyzer

Infectious diseases

SARS-CoV-2 Rapid Antigen Test 2.0

SARS-CoV-2 Rapid Antigen Test 2.0 Nasal

SARS-CoV-2 Rapid Antibody Test 2.0

SARS-CoV-2 & Flu A/B Rapid Antigen Test*

SARS-CoV-2 Antigen Self Test Nasal

cobas' liat' system

Molecular

cobas' 8800 system

cobas' 6800 system

cobas' s 201 system

ePlex' System

cobas' 5800 system

cobas' 4800 system

cobas' z 480 analyzer

Pooling solution with Hamilton STAR

MagNA Pure 24 system

MagNA Pure 96 system

FLOW Solution

Pre- and post-analytics

cobas' prime pre-analytical system

cobas' p 612 pre-analytical system

cobas' p 512 pre-analytical system

cobas' p 312 pre-analytical system

cobas' p 480 instrument

cobas' p 501/p 701 post-analytical unit

cobas' 8100 automated workflow series

cobas' connection modules (CCM)

Research

LightCycler' 480 II system

LightCycler' 96 system

Digital LightCycler' system

DISCOVERY ULTRA system

MagNA Pure 24 system

MagNA Pure 96 system

Serum work area (Clinical chemistry and immunochemistry)

cobas' 8000 modular analyzer series

>240 configurations

<< 702>> << 701>> << 502>> << 801>>

cobas' pro integrated solutions

11 configurations

<< 503>> << e 801>>

cobas' pure integrated solutions

3 configurations

<< 303>> << e 402>>

cobas' 4000 analyzer series

3 configurations

<< 311>> << e 411>>

COBAS INTEGRA' 400 plus analyzer

cobas' c 513 analyzer

cobas' mobile solution

Sequencing

AVENIO Milliseq system

MagNA Pure 24 system

MagNA Pure 96 system

AVENIO Edge system

Tissue diagnostics

VENTANA HE 600 system

BenchMark Special Stains system

BenchMark GX system

BenchMark ULTRA system

BenchMark ULTRA PLUS system

VENTANA DP 200 slide scanner

VENTANA DP 600 slide scanner

Urinalysis

cobas' 6500 urine analyzer series

cobas' u 411 urine analyzer

Uriscys 1100' analyzer

Combur' Test HC

Micral-Test' strip

Combur-Test' strip

Digital Solutions

Core lab	Pathology	Primary care
<p>cobas' infinity laboratory solution</p> <p>End to end laboratory process management solution. Integrating full result management, while automating sample and data workflows.</p> <p>cobas' infinity service intelligence platform</p> <p>Proactive maintenance tool that keeps software solutions at their optimal performance.</p> <p>navify' Monitoring</p> <p>Real-time monitoring dashboards within the lab to improve operational effectiveness.</p> <p>navify' Control</p> <p>Single workstation to control lab instruments and software from a central location.</p> <p>navify' Analytics for Core Lab</p> <p>Laboratory software delivering actionable insights to empower informed decision making.</p> <p>navify' Inventory</p> <p>Tool designed to help laboratories simplify inventory management.</p> <p>navify' Algorithm Suite*</p> <p>Scalable cloud solution for seamless and efficient delivery of regulatory grade Software-as-medical device (SaMD) clinical algorithms.</p> <p>navify' Sample Tracking*</p> <p>Software platform to connect labs with a trusted network of suppliers to reduce errors before samples reach the lab.</p> <p>navify' Portal</p> <p>Personalized information, insights, and support tailored to customers' needs all through one place.</p> <p>navify' Marketplace</p> <p>Digital Channel where customers can discover and request a full range of Roche and non-Roche applications.</p> <p>navify' Integrator</p> <p>Secure platform integrating data across instruments and software, providing centralized access to a portfolio of digital solutions.</p>	<p>navify' Pathology Lab Advantage</p> <p>Pathology lab workflow solution that helps customers increase patient safety and efficiency while minimizing error risks and cost.</p> <p>navify' Pathology Lab Hub</p> <p>Single point of data integration between customer LIS and connected systems and platforms.</p> <p>navify' Analytics for Pathology Lab</p> <p>Actionable insights to increase operational effectiveness in the histology lab.</p> <p>navify' Portal</p> <p>Personalized information, insights, and support tailored to customers' needs all through one place.</p> <p>navify' Marketplace</p> <p>Digital Channel where customers can discover and request a full range of Roche and non-Roche applications.</p>	<p>cobas' infinity POC solution</p> <p>Secure, encrypted cloud based software that connects POC devices to Roche's data management system and EMR.</p> <p>cobas' infinity edge smart*</p> <p>Cloud based backbone for Roche and 3rd party POC devices.</p> <p>navify' Analytics for Primary Care*</p> <p>Laboratory software delivering actionable insights to increase operational effectiveness at the POC.</p> <p>navify' Algorithm Suite*</p> <p>Scalable cloud solution for seamless and efficient delivery of regulatory grade (SaMD) clinical algorithms.</p> <p>RocheDiabetes Care Platform (RDCCP)</p> <p>Platform uniting diabetes-relevant data for insights and personalized consultations.</p>
<p>navify' Analytics for Molecular Lab*</p> <p>Actionable insights to increase operational effectiveness in the molecular lab.</p> <p>navify' Mutation Caller</p> <p>Secondary analysis software enabling more rapid onboarding of KAPA panels and analysis.</p> <p>navify' Mutation Profiler</p> <p>Cloud-based software enabling labs to analyze NGS oncology samples for personalized treatment options.</p> <p>navify' Algorithm Suite*</p> <p>Scalable cloud solution for seamless and efficient delivery of regulatory grade (SaMD) clinical algorithms.</p> <p>navify' Sample Tracking*</p> <p>Software platform to connect labs with a trusted network of suppliers to reduce errors before samples reach the lab.</p> <p>navify' Portal</p> <p>Personalized information, insights, and support tailored to customers' needs all through one place.</p> <p>navify' Marketplace</p> <p>Digital Channel where customers can discover and request a full range of Roche and non-Roche applications.</p> <p>navify' Integrator</p> <p>Secure platform integrating data across instruments and software, providing centralized access to a portfolio of digital solutions.</p>	<p>navify' Analytics for Point of Care*</p> <p>Laboratory software delivering actionable insights to increase operational effectiveness at the POC.</p> <p>navify' Tumor Board</p> <p>A cloud-based solution that enhances the efficiency of multidisciplinary tumor board meetings.</p> <p>navify' Algorithm Suite*</p> <p>Scalable cloud solution for seamless and efficient delivery of regulatory grade (SaMD) clinical algorithms.</p> <p>navify' Portal</p> <p>Personalized information, insights, and support tailored to customers' needs all through one place.</p> <p>navify' Marketplace</p> <p>Digital Channel where customers can discover and request a full range of Roche and non-Roche applications.</p> <p>navify' Integrator</p> <p>Secure platform integrating data across instruments and software, providing centralized access to a portfolio of digital solutions.</p>	<p>cobas' infinity POC solution</p> <p>Open, integrated data management system that helps manage point-of-care (POC) testing from a single location.</p> <p>cobas' infinity edge smart*</p> <p>Cloud based backbone for Roche and 3rd party POC devices.</p> <p>v-TAC</p> <p>An innovative digital algorithm that calculates arterialized blood gas values from a venous blood gas sample and pulse oximetry value.</p> <p>navify' Analytics for Point of Care*</p> <p>Laboratory software delivering actionable insights to increase operational effectiveness at the POC.</p> <p>navify' Tumor Board</p> <p>A cloud-based solution that enhances the efficiency of multidisciplinary tumor board meetings.</p> <p>navify' Algorithm Suite*</p> <p>Scalable cloud solution for seamless and efficient delivery of regulatory grade (SaMD) clinical algorithms.</p> <p>navify' Portal</p> <p>Personalized information, insights, and support tailored to customers' needs all through one place.</p> <p>navify' Marketplace</p> <p>Digital Channel where customers can discover and request a full range of Roche and non-Roche applications.</p> <p>navify' Integrator</p> <p>Secure platform integrating data across instruments and software, providing centralized access to a portfolio of digital solutions.</p>
<p>uPath enterprise software</p> <p>On premise pathology workflow software that enhances efficiency with connectivity and automation.</p> <p>uPath image analysis algorithms</p> <p>Digital pathology algorithms that empower pathologists to confidently, accurately, and objectively assess whole tissue slide images.</p> <p>navify' Digital Pathology</p> <p>Cloud-based pathology workflow software that enhances efficiency with connectivity and automation.</p> <p>navify' Algorithm Suite*</p> <p>Scalable cloud solution for seamless and efficient delivery of regulatory grade (SaMD) clinical algorithms.</p>	<p>AVENIO Connect Software</p> <p>Automated sample tracking tool for NGS workflows on the AVENIO Edge System.</p>	<p>At-home</p> <p>Accu-Chek' SugarView*</p> <p>Mobile glucose monitoring - the app for measuring blood glucose range without a meter.</p> <p>mySugr</p> <p>Diabetes management app.</p> <p>Floodlight MS</p> <p>SaMD measuring MS patient functions and improving patient outcomes in clinical practice.</p>

*Limited commercial availability
